Rotterdam, March 1, 2016

To whom it may concern

Invitation Letter

We hereby invite Prof. OLEG V. TKACH for advanced training for 3 month (April – July 2016) at Fujiwara Chemical Co.(Representative Rotterdam Office). Our company has 50 years of experience in providing the following services in the sphere of foreign trade:

- production, distributing and exportation of the construction materials;
- development of optimal schemes of delivery, taking into account the specifics of industry,
- consulting on all aspects of customs and foreign trade, including legislation, taxation and accounting,
- development of recommendations and actions to reduce costs and optimize company's logistics,
- assisting in establishment of joint ventures of various kinds and forms and further legal and informational support.

Fujiwara Chemical Co. Ltd. has long-term agreements as for several liability offices, business incubators and training centers which provide numerous opportunities for competence development. During the training Prof. OLEG V. TKACH will receive practical knowledge and hands-on experience in management of foreign economic activity, will be able to participate in transaction support from the stage of analysis and research to closing of deals.

We believe that this training will result not only in acquiring valuable knowledge but also in strengthening foreign trade relations between our countries.
